COMMERCIAL ZONES

Ordinance
which provides
for various
commercial
uses in three
Kanab City
Commercial
Zones: C-1
C-2 and C-3

Adopted January 22, 2008
Revised Feb 11, 2014

Sections

- 20-1 Purpose
- 20-2 Commercial Zones
- 20-3 Permitted and Conditional Uses
- 20-4 Height Regulations
- 20-5 Temporary Events on Public Right-of-Way
- 20-6 Minimum Area, Width, and Yard Regulations
- 20-7 Special Regulations
- 20-8 Design Standards for the Commercial Zones

Style Definition: LUO Section TOC

Formatted: Underline

BN draft revisions Dec 2015

(no changes are proposed to the list of permitted and conditional uses)

Section 20-1 Purpose

The purpose is to provide various zones within the City of Kanab where a wide variety of goods and services can be provided.

Section 20-2 Commercial Zones

A. C-1 Commercial Zone

1. The C-1 Zone has been established to distinguish the historic downtown commercial area of Kanab. This zone is characterized by a variety of types of goods and services that complement one another and is intended to facilitate a high density of economic activity in a walkable atmosphere. The C-1 Zone encourages a mix of store front commercial retail, restaurants, hotels, mixed residential/commercial, and office space.

2. ~~The C-1 zone is the underlying zone for the Downtown Overlay (DO).~~

Formatted: Strikethrough

B. C-2 Commercial Zone

1. The objective of the commercial zone is to provide space within the city where nearly all

Adopted January 22, 2008
Revised Feb 11, 2014

types of commercial goods and services may be provided. Since the zone permits such a wide variety of uses, the protective features which zoning normally affords to adjacent properties are mostly nonexistent. Owners should develop and maintain their property in recognition thereof.

2. The C-2 commercial zone is located principally along major roadways for maximum visibility to the public. To maximize traffic safety, property owners should work together to provide access, parking, etc., to adjacent parcels and access should be provided in a manner that will minimize the hazard of traffic leaving and entering major roadways.

3. ~~The C 2 zone is the underlying zone for the Transitional Commercial Overlay. (TCO)~~

Formatted: Strikethrough

C. C-3 Commercial Zone

1. The principal objective in establishing the C-3 commercial zone is to provide space within the city where facilities that serve the traveling public can be most appropriately located. Other purposes for establishing the C-3 commercial zone is to promote safety on the highways, to promote the convenience of the traveling public, to promote beauty in the appearance of roadsides and interchanges leading into the city and to prohibit uses which will tend to be contrary to the use of the land for its primary purposes or which would be unsightly to the traveling public.

2. ~~The C 3 zone is the underlying zone for the Entry Corridor Protection Overlay (ECPO).~~

Formatted: Strikethrough

Section 20-3 Permitted and Conditional Uses

(See Land Use Chart at the end of this chapter)

Section 20-4 Height Regulations

Chapter 20

COMMERCIAL ZONES

Ordinance which provides for various commercial uses in three Kanab City Commercial Zones: C-1 C-2 and C-3

Adopted January 22, 2008
Revised Feb 11, 2014

No building shall be erected to a height greater than ~~allowed by ordinance 45 feet, unless a conditional use permit is approved for a greater height.~~ No building shall be erected to a height lower than twelve (12) feet.

Formatted: Strikethrough

Section 20-5 Temporary Events on Public Right-of-Way

In no case shall business be conducted on public right-of-ways except as allowed by a special events permit.

Section 20-6 Minimum Area, Width, and Yard Regulations

Zone	Area	Width	Yard Setbacks in Feet		
			Front	Side	Rear
C-1	5,000 sq ft	0	0	0	2
C-2	5,000 sq ft	0	0	0	2
C-3	12,000 sq ft	0	20	20	2

Where a commercial zone abuts a residential district, building setbacks will be as follows:

Building Height	Yard Setbacks in Feet		
	Front	Side	Rear
Greater than 16 feet	0	20	20
Less than 16 feet	0	10	10

Section 20-7 Special Regulations

- A. All used materials and used merchandise that are not for decorative purpose, except vehicles in running order, shall be stored in an enclosed building or within an enclosure surrounded by a sight-obscuring fence or wall of not less than six (6) feet in height and no material or merchandise shall be stored to a height of more than the height of the enclosing fence or wall.
- B. No trash, rubbish, weeds or other combustible material shall be allowed to remain on any lot outside of approved containers in any Commercial

District. No junk, debris, abandoned or dismantled automobile or automobile parts or similar material shall be stored or allowed to remain on any lot in any Commercial District.

- C. All solid waste storage facilities shall be located at the rear of the main building or else behind a sight-obscuring fence or wall which will prevent the facility from being seen from a public street.

Section 20-8 Design Standards for the Commercial Zones (C-1, C-2, C-3) (Note: this section replaces the three overlay zones which are contained in Exhibits A,B,& C)

- A. The The purpose of the Design Standards is to maintain the western character of the downtown area, preserve city corridors, minimize curb cuts and access points to highways, and enhance Kanab's walkable downtown atmosphere.

B. Lot and Site Requirements:

a Common driveways between adjoining properties shall be used when possible. Driveways must be placed where they create the least interference with traffic on highways.

b Street trees shall be planted in the right of way as part of the site landscaping requirements and shall be maintained according to City landscape requirements.

c Businesses proposing outdoor street front seating / dining should consider an adequate front setback in their site plan to accommodate such front area use.

d Parking for new buildings shall be located in the rear or side of the building, unless access to the side or rear is not feasible. Diagonal parking on side streets is permitted within the Downtown Parking District in order to create additional downtown parking. See Exhibit F for diagonal parking layout.

e Trails and sidewalks shall be provided in all new development within the C-1 zone in accordance with

Adopted January 22, 2008
Revised Feb 11, 2014

the Kanab City Trails Master Plan. Trails and sidewalks may be located within the setback areas.

C. Outdoor Display of Art, or Public Park Facilities: The permanent installation of an outdoor art display, or outdoor recreational equipment such as bike racks that require a fixed location on or above the ground and is within 30' of a UDOT right-of-way may be approved by the Planning Commission, ~~is considered a Conditional Use if within 30' of a Utah Dept of Transportation right-of-way.~~

Formatted: No underline, Strikethrough

D. Building Front Design:
In conjunction with a required site plan, architectural designs for new construction and refurbishing the exterior of an existing commercial building are required, addressing the design standards in this section. Site plans or façade improvements in the ~~Downtown Overlay~~ Commercial zones that require a building permit need approval from the Kanab City Planning Commission. ~~All other construction or refurbishments that do not require a building permit need approval from the Zoning Administrator.~~

The following guidelines apply to new construction and refurbishing the exterior of an existing commercial building in the ~~Downtown Overlay~~ Commercial zones.

Formatted: Indent: Left: 2.5"

a. No corrugated sheet metal products or high maintenance materials shall be permitted on the building front wall surface. Corrugated metal awnings may be approved by the Planning Commission. The building front area shall consist of a combination of City approved materials. ~~The glazing system~~ ground floor front façade area shall consist of a minimum of 25% window area, unless otherwise approved by the Planning Commission. ~~shall cover a minimum of 10% of the building front area of each floor.~~ City approved materials include window glass, stucco, rock and brick. Wood materials are considered a high maintenance and approved as part of the site plan review and must be compatible with the color scheme of businesses in the ~~downtown overlay district~~ Commercial zones. Natural earth tone colors are preferred.

b. The primary pedestrian entry of the building should face the street and be identified, defined and reinforced by significant architectural elements of mass. The appearance of the building front shall present a three dimensional effect through the utilization of such architectural features as pop outs, vertical relief overbuilds, recesses, canopies or porticos supported by columns or protrusions, significant variations in the roof or parapet, etc.

~~c. The design standards for building fronts described above shall wrap around the building sides adjacent to the primary front, for at least ten feet, unless the Planning Commission approves a lesser amount. A minimum footage shall be determined with the site plan review.~~

Formatted: No underline, Strikethrough

~~d. The site plan (including the building architectural design) shall be submitted for P&Z review. five (5) days prior to being put on the agenda.~~

Formatted: No underline

Formatted: No underline, Strikethrough

e. During the site review, the Final Site Plan will be amended as needed to finalize landscaping and building design and will be signed by the Planning Commission Chair and developer. The building inspector shall retain an original signed copy to be used for inspection. (Note; 'd' and 'e' should be moved to Chapter 9, "Site Plan Review").

Formatted: No underline

Formatted: No underline

f. Design Standards unique to the C-3 Zone:

1. Minimum setback on the east side of SR-89A shall be forty five feet (45') per UDOT.
2. Berms and Earthwork Screening must be graded and planted in such a manner so as to permit views of primary uses on the site from adjacent entry corridor roadway. Additionally, berm crests shall be contoured and varied in height to avoid a straight-line barrier effect.
3. Fencing: All fences in the C-3 zone must be one of the following styles; wooden rail, vinyl fencing,
